Cleveland, Bradley County, Tennessee**

Dear Ms. Casteel:

The Division of Water Resources (the division) acknowledges the receipt of your request for a permit modification in our office on August 22, 2012. Rules of the Tennessee Department of Environment and Conservation, Division of Water Pollution Control, Chapter 1200-4-5-.05 (2): *Permit Application, Issuance*, state, in part:

"The applicant will be provided notice of completeness of the application and re-submitted material within 30 days of a determination that such material constitutes a complete application. This provision does not preclude the commissioner from later requesting additional material that subsequent to the notice of completeness is determined to be necessary for permit processing."

Our review of the individual NPDES permit application showed that you have submitted all the information required for the permit modification. As the division has a complete application on file, your current permit will be administratively extended until the permit modification is completed. You must continue to follow the terms and conditions of your current permit until the modified permit is issued.

If you have questions, please contact the division at your local Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Erin O'Brien at (615) 253-2245 or by E-mail at *Erin.O'Brien@tn.gov*.

Sincerely,

A handwritten signature in blue ink, appearing to read "V. Janjic".
